Welcome to Giarina Suites!

Two marvelous and cozy suites few minutes from the heart of Verona.

Giarina Suites comes from the idea of Architect Leonardo Clementi (in the portrait up there, on the left) after exercising 50 years of honorable profession, decided to make available the premises of his architectural firm to host tourists who wants to visit Verona from all over the world.

The young white boy in the entrance is Engineer Aurelio Clementi the great grandfather of the grandfather of Architect Leonardo when he was 12 years old in 1848. Next to him you can find the certificate of his graduation he took some years later in 1859.

He is where all started and he is where your stay will start.

Giarina Suites name comes from “Giardini della Giarina”, the gardens nearby you will pass going towards Roman Teather and Ponte Pietra:
